- 37 members
- 13 connected 10GE member ports
- new customers will be connected after/during PLNOG conference
- we expect first Tier1 member very soon
- customers upgraded their ports to 10GE: Crowley Data Poland, Onet.pl, WP - in progress
- new unique content: TP CDN (EURO2012)

TPIX remote peering service

Customers connected to TPIX's Ethernet Platform in Warsaw can:

- re-sell TPIX connections: ports or vlans
- promotional offer: new vlan to OpenPeering free of charge*
- service available: TODAY!
- first partner: Crowley Data Poland - ask for tests!

CROWLEY®

Są sieci idealne

Partners' customers profits:

- customers buying connection to other OpenPeering - can ask for vlan to TPIX's OpenPeering virtually without cost
- TPIX can backup existing OpenPeering service and provide access to unique TPIX's content
- not only Crowley - ask your wholesale ISP for providing you TPIX's OpenPeering connectivity

Thank You 😊
